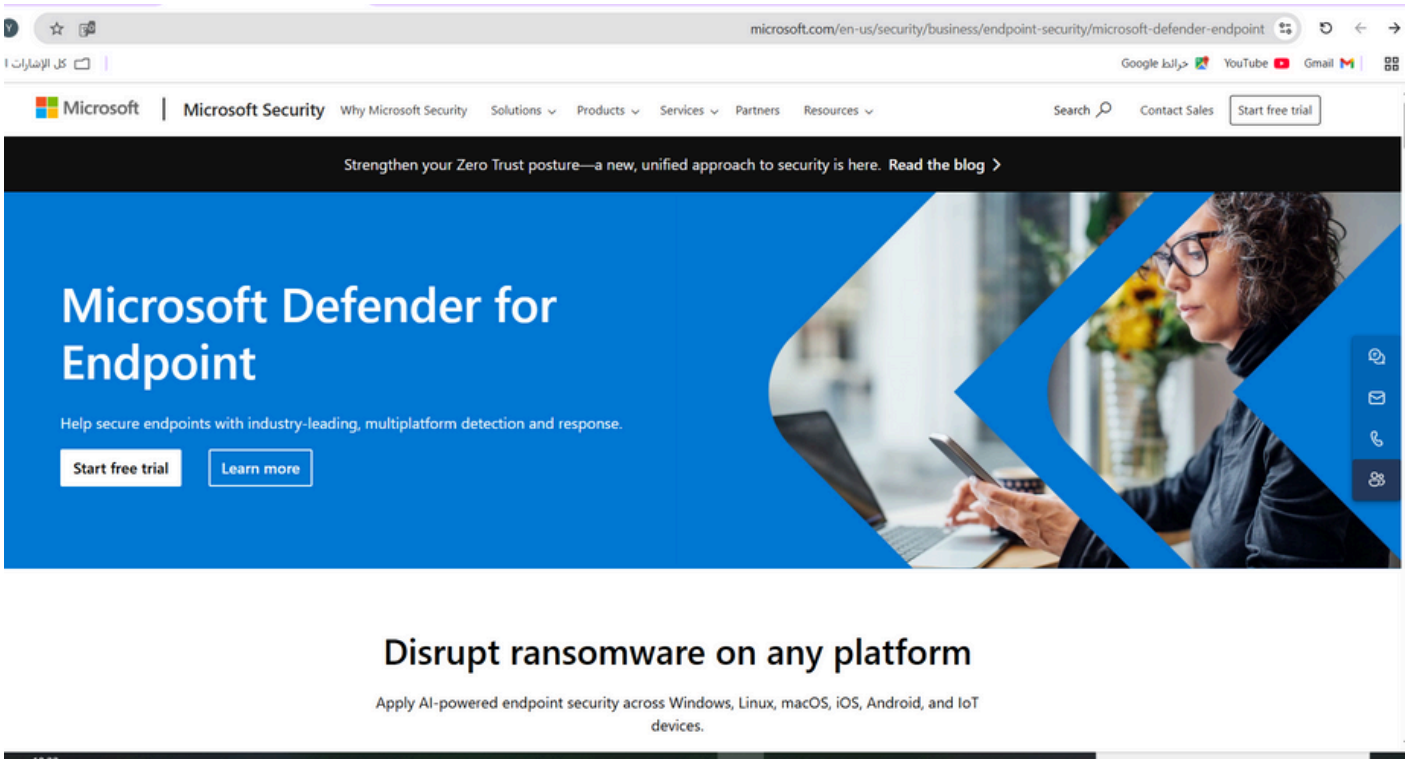
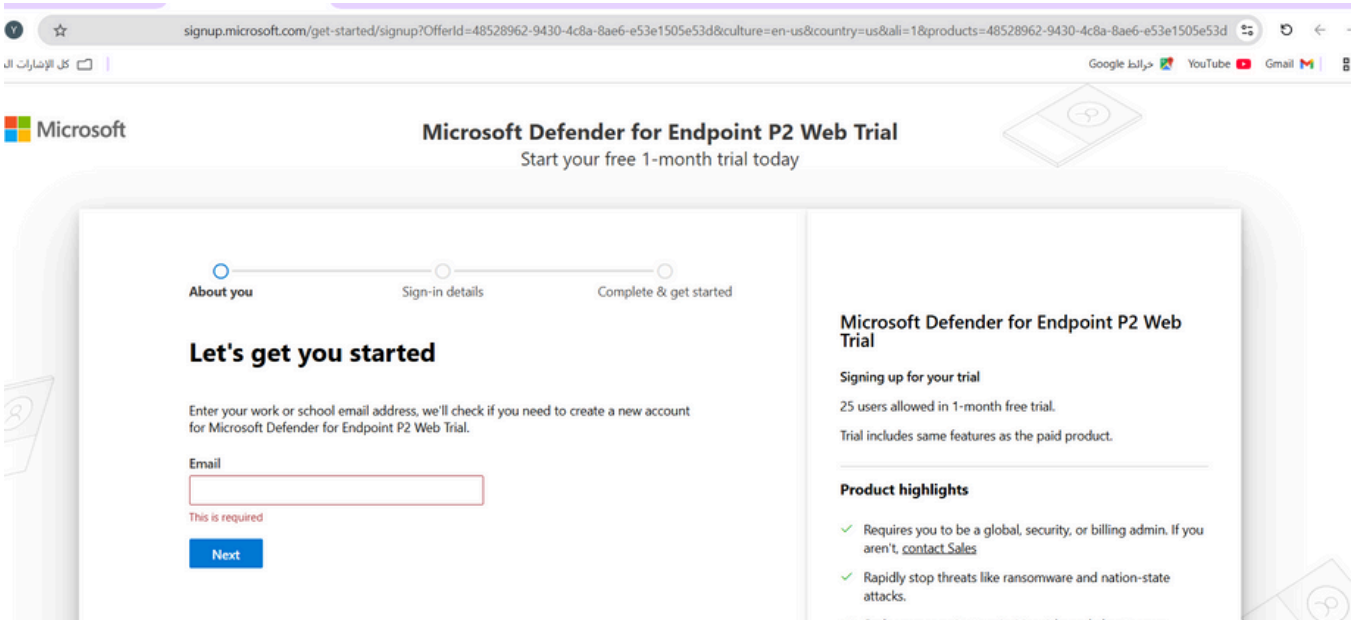
Setup Microsoft Defender for Endpoint (EDR)

Yazan AL Balawi

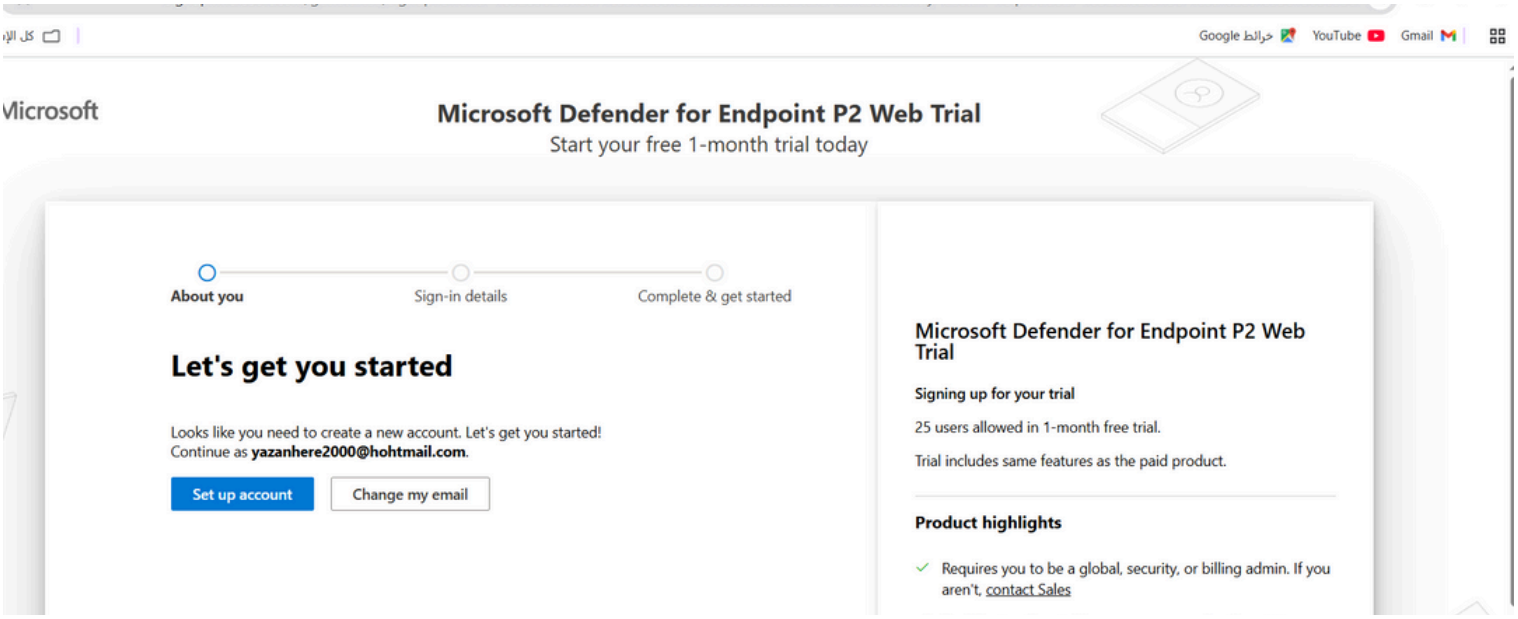
Step 1: Access the Trial Page
📷 Image: microsoft def free.png
📝 Description:
Start from the official Microsoft Defender for Endpoint page.
Click “Start free trial” to begin the registration process.



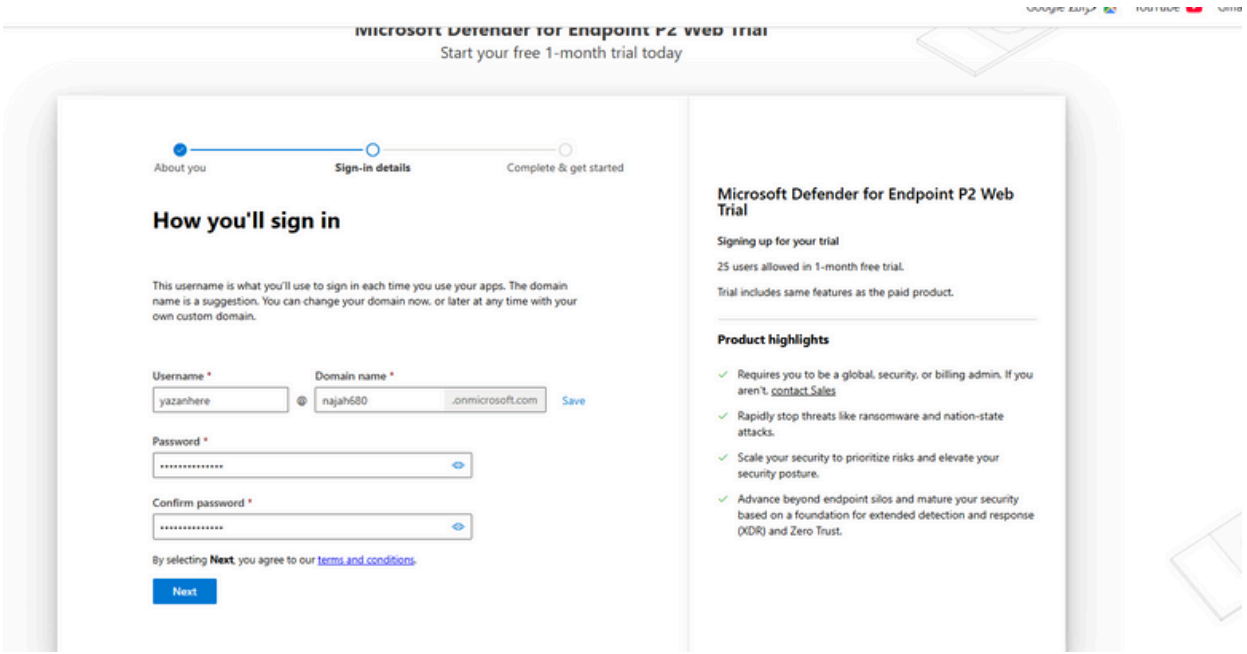
Step 2: Enter Your Work/School Email
📷 Image: putemail.png
📝 Description:
Enter your work or school email address.
Example: yzanhere2000@hotmail.com
Click Next to continue.



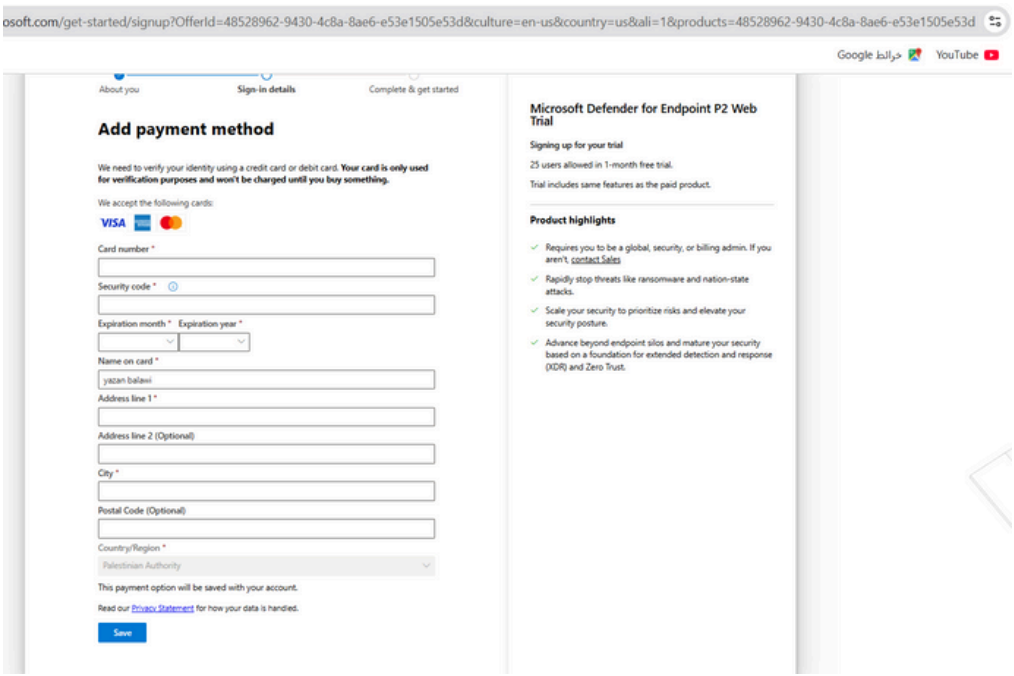
Step 3: Create a New Account
📷 Image: signup account.png
📝 Description:
Since your email isn't associated with a Microsoft organization, you'll be prompted to create a new account.
Click "Set up account" to proceed.



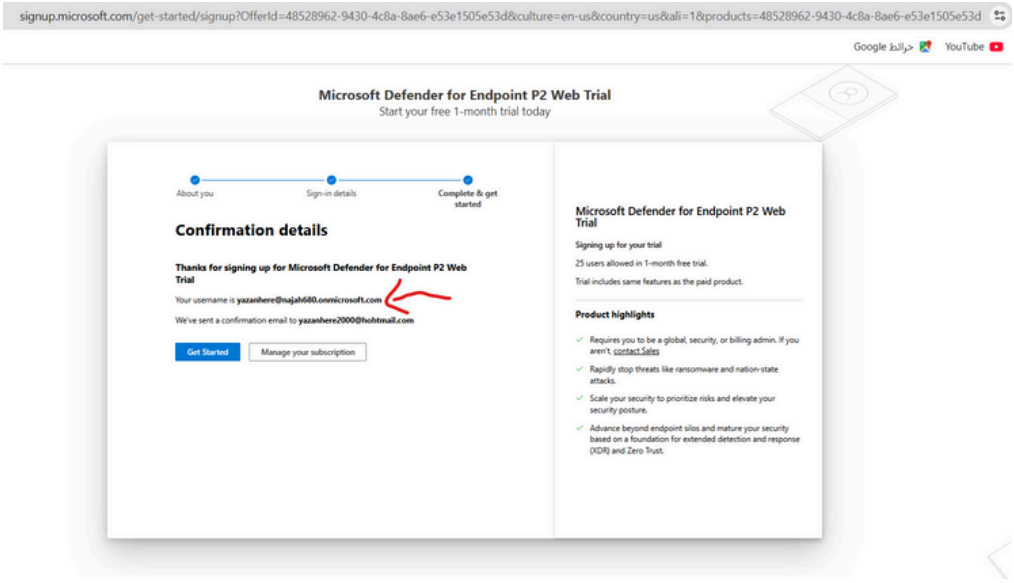
Step 4: Set Login Details (Username & Password)
📷 Image: information for login.png
📝 Description:
Here you define how you'll sign in: (example)
Username: yzanhere
Domain name: najah680
➡ Your full username will be:
yzanhere@najah680.onmicrosoft.com
Set a strong password and confirm it.
Click Next.



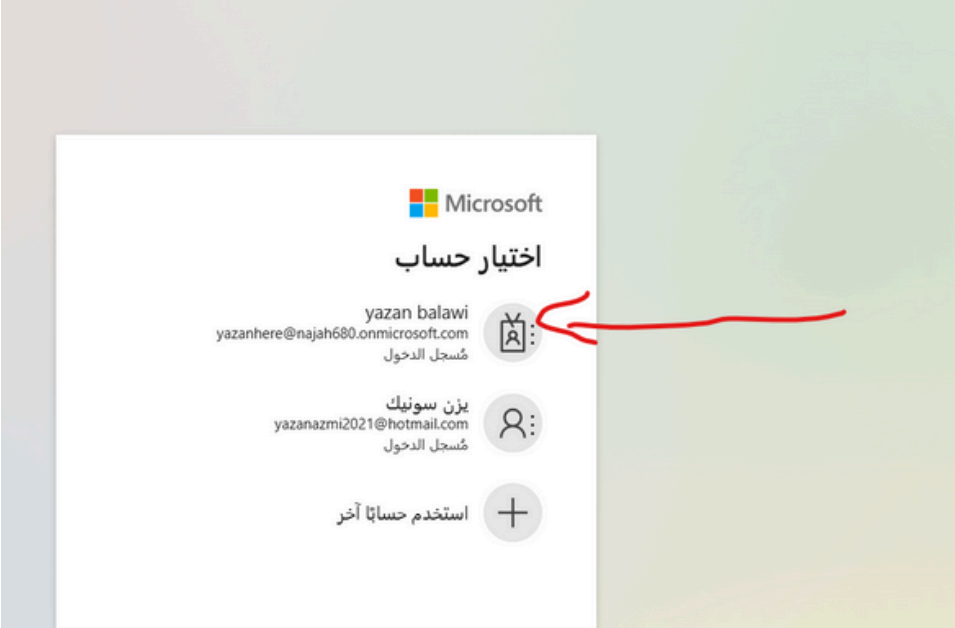
Step 5: Add Payment Method (Verification Only)
📷 Image: put payment here.png
📝 Description:
Microsoft requires credit/debit card info for identity verification only. You won’t be charged.
Fill in:
Card number
Security code (CVV)
Expiry date
Name and address
Country: Palestinian Authority
Click Save.



Step 6: Confirm Subscription Details
📷 Image: get it now.png
📝 Description:
Congratulations! Your trial account has been created.
Username: yzanhere@najah680.onmicrosoft.com
A confirmation email is sent to: yzanhere2000@hotmail.com
Click “Get Started” to continue.



Step 7: Choose the Correct Account for Login
📷 Image: use frist account.png
📝 Description:
When signing in to Microsoft portals, select the newly created work account:
📌 yzanhere@najah680.onmicrosoft.com
This is your organization identity for Defender and other services.



Step 7: Admin Center Access
📷 Image: now he open.png
📝 Description:
You now have access to the Microsoft 365 Admin Center.
From here, you can:
Add users
Manage licenses
Access Microsoft Defender for Endpoint
Control device protection settings
